

Year 2 Newsletter

Welcome

Welcome back to the final term in Year 2! We are continuing with our topic Oceans and Seas. In English we will be writing stories, riddles, letters and non-chronological reports. In maths we will be working on investigations and problem solving involving number, shape and measures. In science we will be learning about animals and their habitats. In history we will continue to learn about the lives of famous people through history as we will learn about Grace Darling. We will also learn about the people and events in the story of the Titanic. In geography we will find and locate places that people have journeyed to and compare these places to where we live. We will look at the oceans and seas in our World and learn information about them. In RE we will be exploring the Buddhist religion and in PSHCE we will be thinking about change and how we cope with it. In DT we will design, make and evaluate a sea inspired product. We will be using the Internet to find information about sea creatures and pirates in ICT and we will also use the iPads to support learning. In Art we will explore images and sketching, whilst in Music we will be singing sea inspired songs and using instruments.

These are only some of the fun things we will be learning about over the final few weeks before the summer holidays begin.

Year 2 special work

All of the children worked really hard during their special work. We are very proud of everyone!!

Water Bottles

Please try to remember to send a water bottle to school filled daily with fresh water. The children will be able to tell you the importance of daily water, especially when it is warm and we are playing lots of games outside in PE and at playtime.

PE

This half term our PE day is Thursday. Hopefully the weather will be kind to us and we will be able to go outside and take advantage of a bigger space. You may wish to send a pair of trainers in just in case.

▲ Reminder...

- Junior School Visit 2/7/19
- Leaver's Assembly 18/7/19
- Leaver's Disco 18/7/19

See the school newsletter, OurSchoolsapp or website for further details and other events.
