Summer Term 1

This term, the children have returned to school full of energy and enthusiasm for learning. We are going to be working on the theme of Oceans and Seas and will be finding out lots about things that happen at sea. We will be exploring voyages and discoveries, sea creatures and mythical beings.. We will be finding out lots of new things - so get ready to Google information the children might come asking you about for their homework!!

Many Thanks

Reading Books

Please can you ensure your child brings his/ her reading book to school each day. By doing this we can change books on a regular basis as well as fit in extra reading sessions with your child. Thank you!!

Please remember, if there is anything you need to tell me about your child, you can catch me either before or after school.

SATs

We will be working on our SATs during May. It is important that your child attends school during this time.

We try to make SATs as stress free as possible for the children, and administer them in a way where your child is told that he/ she is doing 'special work.'
